EDUCATION

Shri Sant Gajanan Maharaj College of Engineering
B.E. - Information Technology

Sept 2024 – June 2028
Shegaon, Maharashtra

Samta Foundation
DIPLOMA - AIML

Dec 2025 – Jun 2026
Risod, Maharashtra

WORK EXPERIENCE

Software Development Intern
ApexaiQ Technologies Pvt. Ltd.

Aug 2026 – Sept 2026
Shegaon, India

- Gained practical experience in web scraping and automation using Python and Selenium to streamline data collection and processing.
- Developed a fundamental understanding of DevOps methodologies, tools, and workflows, including CI/CD pipelines and containerization, with practical implementation experience.
- Built foundational knowledge of cybersecurity principles, focusing on threat identification, security best practices, and basic vulnerability assessment techniques.

PROJECTS

Hospital Patient Risk Prediction System  | [Python, XGBoost, Streamlit, SHAP, and Plotly](#)

- Developed an XGBoost-based machine learning model in Python to classify hospital patients into high-risk and low-risk categories.
- Implemented Explainable AI using SHAP to interpret model predictions and identify the key factors influencing patient risk.
- Built an interactive Streamlit dashboard with Plotly to visualize patient risk predictions, model insights, and performance metrics.

Avinya AI chatbot  | [Python, LLM, MCP, OCR, RAG, API integration](#)

- Built Avinya, an AI chatbot using Python, APIs, and LLMs for intelligent conversations.
- Implemented RAG and OCR for document-based information retrieval and query processing.
- Integrated MCP concepts for connecting LLMs with external tools and data sources.

Vihang drone club website  | [Python, react.js](#)

- Developed a responsive React.js website for Vihang Drone Club.
- Showcased club projects, activities, achievements, and team information.
- Deployed the website with a user-friendly and responsive interface.

TECHNICAL SKILLS

Languages: Python, Java, SQL

BackEnd Development: Django, MongoDB

Web Development: HTML5, CSS3, JavaScript, React.js

Tools: Git, Github, codex, Antigravity

Other: AIML, MySQL[DataBase]

CERTIFICATIONS

- Udemy Programming Bootcamp With Python, Javascript, C++, PHP, MySQL
- AWS Acadmy Graduate Cloud Foundation Training Badge
- Red Hat Training: Getting Started With Linux Fundamentals
- Google Student Ambassador Program.
